Excalibur® Build-Your-Own Lightbar Basics

- When ordering this dual deck lightbar, specify deck options and positions, length of bar, lens color, as well as wattage, filter color and flasher if required.
- Most PSE Amber® Excalibur® lightbars consist of 2 outboard sections and 1 or more center sections.
- Upper deck is available with amber or clear lens. Lower deck is available with clear lens only. Both decks are available with filter options.
- Upper outboard sections can accommodate 3 centered options, or have multiple options located towards the front and rear.
- Upper center sections can usually accommodate 1 option.

- Lower outboard sections can accommodate 3 centered options.
- Lower center sections can accommodate 2 side-by-side options or 1 centered option.
